Interesting Community Activities

The Puyalup Fair is great family fun. Lots of free activities, good food and entertainment. It started this week end and will go 2 more weeks.

Seahurst Beach clean up event is Sept 20th from 9am-2pm. Free snacks and an R.E.I t-shirt for participants. Register online kragain@rREI.com or 206-248-1938

Burien parks guided tours 206-988-3700

New Slipper/Sock policy

After cleaning rugs and much thought over the summer, Curiosity Corner School would like to “take off it’s shoes!” I know many households have gone shoeless and I think we could do this.

The plan is that each child would bring a pair of slippers or heavy socks to wear inside. We would have a place near the front door to put their shoes and collect their slippers on the way into and out of the center. The children would change into their shoes for outside play.

The socks/slippers would have to have a non-slip bottom and please put their names on them.

The benefits would be many:

- The center would be cleaner
- The children would have dry feet all winter
- Germs would be carried to and from school less
- Our vacuum cleaners would last more than 1 year.

Welcome new students!

Parents

We need members for our Board of Directors!

- 5 meetings/year
- Some project work
- Help us discover the future for CCS

Friends and grandparents welcome!

Our first meeting will be Early in October.

Please let me know of your interest!

Chips! Ahoy! Playground improvement

On Friday, Sept 12th, we are having a group of United Way volunteers come and clear the old woodchips out of our playground and put new ones in. This is a huge job and we are very grateful for their help.

Headstart has agreed to pay for the wood

chips. So when you see a large dumpster outside the gate and a huge pile of woodchips arrive don't be alarmed. If you have a desire to help, come and join us. We would like to borrow wheelbarrows and shovels if you have one. Please put your name on them to insure their safe return.

Our new 3-5's classroom is opening up this week. We have worked very hard cleaning and gathering toys and equipment for this new room. Blanca Reynoso and Rosie Rodriguez are excited with their new classroom and ready to teach.

We have a new break person, **Mariam**, who will be giving teacher breaks in all classrooms.
